C.I. HAYES INSTALLS HUMPBACK ANNEALING FURNACE

C.I. Hayes, a Gasbarre Furnace Group Company, is pleased to announce the recent installation of a Humpback Conveyor Belt Furnace for bright annealing of stainless steel materials. The furnace operates with hydrogen atmosphere at a low dewpoint (-60°F/-76°C range) and has a maximum operating temperature of 2,100°F (1,149°C).

Located in Cranston, Rhode Island, C.I. Hayes designs, manufactures and services industrial vacuum and atmosphere furnaces while delivering custom solutions to the heat treating industry for 100 years.
