C.I. HAYES INSTALLS CONTINUOUS VACUUM FURNACE

C.I. Hayes, a Gasbarre Furnace Group Company, is pleased to announce the recent installation of a Continuous Oil Quench Vacuum Furnace for hardening of tool steels. The modular furnace is equipped with Silicon Carbide (SiC) heating elements and a ceramic fiber heating chamber rated to 2000°F (1093°C), allowing it to operate in air or under vacuum. Located in Cranston, RI, C.I. Hayes designs, manufactures and services industrial vacuum and atmosphere heat treating equipment and has been delivering custom solutions to the heat treating industry for 109 years.
